

Meet RoboTour!

Making
waves in
the museum
industry

RoboTour's Mission

Provide the best possible museum experience for every visitor.

How We Achieve This

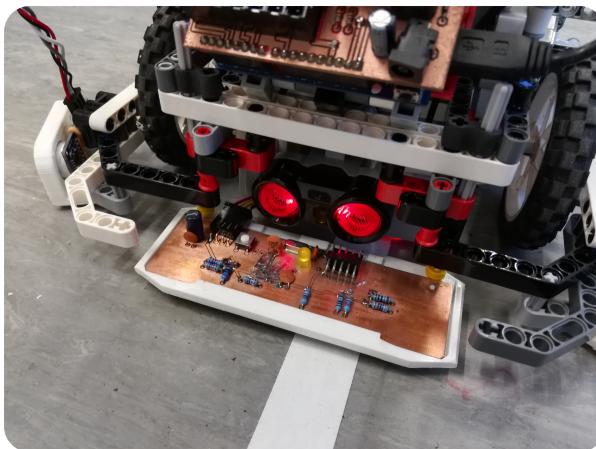

- Eliminate language barriers
- Assist visitors by recommending and finding art pieces
- Ensure an easy, efficient, and pleasant experience

Easy as 1-2-3!

1. Choose your language
2. Select your paintings
3. Enjoy your tour!

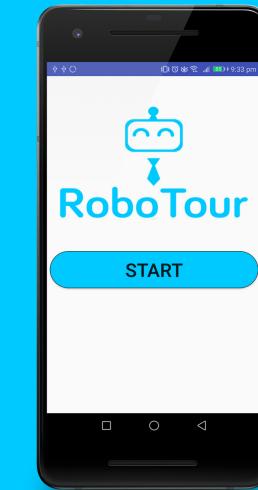

Robot Features

1. Guides visitors to art pieces
2. Finds the optimal route
3. Points out art pieces
4. Navigates around obstacles

Custom Line Sensor

We have developed a custom line sensor that allows for improved precision and range of line tracking that is also cheaper than the proprietary sensors. This results in a smoother and more enjoyable experience.

App Features

1. Multi-language support
2. Recommendations
3. Audio and Text descriptions
